

THE GENESIS PROCESS

THE GENESIS PROCESS is an integration of Biblical principles, proven relapse prevention techniques, cognitive therapy, and the latest research in neurochemistry. This process has proven successful in maintaining long-term recovery in clinical trials and recovery programs.

The Genesis Process is successful because it deals with subconscious relapse patterns by addressing the underlying faulty belief systems that support them.

Client use of the Genesis Process Workbook, when facilitated by a **Genesis Process Coach**, has proven successful in diverse settings. While the Genesis Process' main target is the chemically dependent, it is easily adaptable to other self-destructive behaviors. The process is also sensitive to each client's level of spiritual maturity.

THE COACH TRAINING SEMINARS

GENESIS COACH TRAINING is designed for those who work with clients who have recurring destructive, compulsive behaviors. It is a five-day intensive, interactive seminar that includes individual and group exercises. The training is 6-8 hours a day with homework at night.

You will learn effective, problem-solving techniques built around a comprehensive, ten-process client workbook and separate step-by-step Genesis Counselor's Manual. Completion of this course is the first step to becoming a Certified Genesis Counselor.

BENEFITS OF TRAINING BY LIVE STREAM

A virtual live training is a highly interactive training that includes live demonstrations, breakout sessions, and real time feedback for questions and answers. It offers almost all of the same benefits as an in-person live training, as well as a few extra bonuses.

- ▶ Safe venue for meeting as a large group and in small groups without constraints of social isolation policies.
- ▶ Teams can train together and discuss strategies for implementation.
- ▶ Networking and collaboration with other places that use Genesis
- ▶ No travel time or costs
- ▶ Counselor Skill exercises with partners in virtual breakout rooms
- ▶ All sessions are recorded and stored for a week for review at a later time.
- ▶ Practical ideas for implementing Genesis into programs or churches based on Dean's 20 years of experience with both.

ENDORSEMENTS

DR. JEAN LACOUR PHD, CAAP--Dean of Net Training Institute for Addiction Studies:

At last! A relapse prevention process based on client participation, counselor involvement, and proven counseling techniques. Clients gain insight into subconscious wounds that have driven their addiction behaviors. The workbook is appropriate for both residential and out-patient settings.

JAN MARSHALL—Former Director Shepherd's Door Women's Program, Portland, OR:

We have watched our clients enter the Genesis portion of their program and seen a remarkable thing happen. Women are truly emotionally courageous as they face the false belief system, choose to walk through the pain of memory, walk through the grief the memory initiates, then choose to forgive. It has made a profound difference in our program.

PASTOR TED ROBERTS—Former Senior Pastor, East Hill Foursquare Church, Gresham, Oregon, Author of the Pure Desire Process for Sexual Healing

"The "Genesis Process" is a gift from God. It's a relevant, biblically balanced, effective and profoundly practical. It is able to help folks who may have lost hope not only find it again through real change and healing, but also for them to experience the Grace of God. Michael Dye has caught the heart of God in a marvelous way.

PRESENTER

Dean Perry, CADC, Master of Divinity, Genesis Associate, has successfully helped hundreds of people find healing from addictions using the Genesis Process since 2001. After serving in the US Air Force as a research engineer, he spent 17 years as a pastor of a local church working with teenagers, families, and people in crisis. In 2000 he began working with the homeless and addicted as a case manager and Genesis counselor at the Portland Rescue Mission, in Portland, Oregon. In 2006 Dean moved to Devon, UK where he created a full program based on Genesis, while serving as Program Manager for Gilead Foundations' men and women's residential recovery program. In 2008 Michael Dye, author of the Genesis Process, invited Dean to join him as a Genesis trainer and program consultant, specializing in residential program development. Besides working with Mike, he has directed programs at missions in Everett, WA and Las Vegas, NV. He is the author of the *Genesis Residential Program Manual*, the *Mystery of Addiction* recovery class, and currently works as a full-time consultant advising the leadership of new and existing programs.
